Inquires About Summer Session Spur Plans For School

Interest shown after the announcements of the summer session to be held by the junior college this year has spurred plans for the first school of its kind ever to be held by the college.

Following a faculty meeting this week fees for the special six weeks school have been decided upon as follows: $4 per unit when the student is taking less than six; $20 for six units; $2.50 registration fee to finance clerical help, janitors; library expenditures and other items of expense necessary for the operation of the institution.

Pamphlets describing all courses and giving detailed data concerning the session will be distributed this week on the campus. Students who know of others who would be interested in enrolling for classes are invited to give names and addresses to the office so that literature concerning the school can be sent to them.

The following instructors have been secured: Dean McKee Fisk, L. L. Beeman, R. R. Benson, J. Russel Bruff, Etta M. Conkle, Sheldon M. Hayden, Herbert O. Russel, Mary Swass, Mrs. Jennie Tessmann, Lella Watson. Arrangements to secure T.

Renselaer To Add J. C. As Accredited

Because of the high standards maintained, Santa Ana junior college, with a limited number of other such institutions, will be added to the accredited list for advanced standing at the Renselaer Polytechnic Institute of Troy, New York.

Students of promise wishing to work toward a degree in engineering, science, business administration, or architecture will be considered for entrance to the Troy school, a pioneer in it's chosen field, it is reported.

Palmer C. Ricketts, president of the eastern institution, has sent a catalogue to D. K. Hammond, president of the Santa Ana junior college and expressed a willingness to undertake a joint survey of the curricula of the two institutions in order to establish definitely the requirements for transfer from one school to the other.

"First The Blade" Will Be Presented At Pasadena May 11

Celestia Straub and Katherine Cosner, Santa Ana junior college students, have contributed poems to "First the Blade", a volume of literature published annually by the colleges of California. The publication, edited by Pasadena this year, will be presented at the Pasadena Community Playhouse on Saturday, May 11, at 11:00 a. m.

Members of Nom de Plume, writing club of Pasadena J. C., have invited the Tavern Tatlers to attend a conference at the Playhouse to celebrate the event. The conference is to to be followed by a luncheon and matinee. All members of the "Intercollegiate Fellowship of Creative Art", are invited to attend the meet, it is reported.

Lyle Cook, Alumnus, Wins Honor At Cal.

Lyle S. Cook, graduate of Santa Ana junior college in 1927, and at present a second year law student at the University of California, has been awarded a set of Deering's California Code books for rendering the most efficient service to persons unable to pay for legal counsel, it is reported.

The prize is awarded annually, to the best student assistant, by the Legal Aid society of Alameda county, California.

Cook has also recently been elected president of the California chapter of Gamma Eta Gamma, professional legal fraternity.

While at Santa Ana junior college, Cook took an active part in school affairs, having been a member of the editorial staffs of El Don and the year book as well as being president of the honor society. After finishing his course here, he attended Stanford Law school for a year and last year transferred to California.

J. C. Students Win Poster Honors At P.-T. A. State Fest

Results of the P.-T. A. poster contest held in Fresno at the State P.-T. convention, reveal that Catherine Chapman and Robert Edward of the Santa Ana junior college, won first and second place, respectively, it is reported. The same posters, entered in the local contest and later in the county contest, won the same awards; that is, first and second place, in each event.

The posters were retained by the P.-T. A. at the State Contest.

Book Being Edited By Hanna To Be Put Out By Jaycee Shop

Phil Townsend Hanna, editor of Touring Topics, and main speaker here on Fiesta Day, at present is engaged in editing "Chinigchinich," a contemporary account of the life customs and habits of the Indians of San Juan Capistrano and vicinity. This book is to be published in the print shop of the Santa Ana junior college.

Hanna has served in many reportorial and editorial capacities on newspapers in and around Los Angeles. These include the L. A. Times, L. A. Express, L. A. Tribune, Western Highways Builder, and Touring Topics.

In addition. Hanna has contributed many articles to local and national periodicals on the natural science, economics, history and geography of the Southwest, Mexico, and Central America.

L'Hotel Members To Meet Tomorrow Nite

L'Hotel de Rambouilet is holding its regular May meeting in the form of a banquet tomorrow evening at 5:30 in the Y-Hut.

Executives of the club are planning to have four tables, with one girl acting as hostess at each. She is to be in charge of the decorations and the various arrangements for her table.

The program will be made up of short speeches by a few of the members, and by plays, each directed by a student of French.

As usual all talking must be done in French, as there is a penalty for speaking in English.

CLUB WINNER OF TICKET CONTEST TO RECEIVE FIN

With a ticket sale contest and a five dollar prize as the spur to activity, each club president is sponsoring a ticket campaign with his organization, for the "Prince of Pilsen" and "Ladies of the Jury". This contest was decided upon at the presidents' meeting held last Wednesday night at 7:30 in the Y-hut.

The club that sells the largest number of tickets over 50 will win the prize. Each president took 50 tickets for his group and in order to keep an accurate account of the race, the executives are asked to turn in the number of tickets sold each day.

At this meeting, also, Fiesta Day costumes were discussed, and it was decided that they would be on display next week. Orders for men's suits are $1.00 and those for women's outfits are $1.50. Miss Catherine Bement is chairman of the costume committee.

The service club presidents also offered the aid of their organizations in promising to put on a side show out by the arena on Fiesta Day. Some of them will sell light refreshments, and some will probably give souvenirs it is reported.

In addition to plans for May 13 this presidents' club also decided to have its next meeting a social affair. It will be held in the gym on Thursday, May 19 and the entertainment will consist of dancing and cards. The Fiesta Day committee will be invited as special guests.

Members of the presidents' club include besides all principal club executives, the associated student officers. At their meeting last Wednesday Dante Siracusa presided and Eugenia Gire took the minutes. After the business was over, light refreshments were served.

Crawford And Brown Talk At Costa Mesa

Marking the second lecture of the Y- deputation team during the last month, Jac Crawford and Robert Brown spoke before a large crowd at the community church in Costa Mesa last Sunday evening May 1.

Along with the speeches delivered by the two Santa Ana representatives, Merle Youle from the jaycee here played several saxaphone solos. Walter Carruthers acted as master of ceremonies.

"PRINCE OF PILSEN" IS DECLARED ONE OF MOST POPULAR COMIC OPERAS

Cast Of 100 Completes Work This Week

Spelling Examination Is Scheduled For This Aftrenoon

A spelling examination will be given this afternoon at 3:00 p. m. in room 203, according to an announcement on the bulletin board. Since a passing grade in this subject is required for graduation, students, especially those graduating this June, are urged to take the test, if they have not already done so.

Mrs. Northcross has the word lists from which the examination is composed.

Tickets Are Being Sold By Service Clubs And Cast Members

"The Prince of Pilsen" one of the most colorful, melodious and popular comic operas ever played in this country will be staged by the music department Friday and Saturday nights.

Under the direction of Miss Myrtle Martin, head of the department, the cast of more than 100 students has been working tirelessly this week in final rehearsals in attempt to make the production the best opera ever staged by the department. "The Prince of Pilsen" is the largest production ever undertaken by the school and its staging will mark a definite step in the advancement of musical activities on the campus.

The first showing of the opera will be Thursday afternoon when junior high school and grammar school students will attend a matinee.

Mark Hare takes the part of the prince of Pilsen, while Martin Bowman has the difficult part of Hans Wagner, the Cincinnatti Brewer, who is mistaken for the Prince of Pilsen. Many hilarious situations arise from this complication.. Verna Helm has the part of the beautiful daughter of Hans Wagner, and is consequently

Dr. Percy R. Davis To Be Speaker At Philosophy Club

Dr. Percy R. Davis, Superintendent of the Santa Ana Schools, will give his philosophy of life at the next regular meeting of the Philosophy club, Saturday, May 7, at 7:30 p. m. in the home of Mr. Nealley.

Autto's book, "Mysticism", was reviewed by Mrs. Ruth McNeil at the regular meeting of the Philosophy club Saturday evening, April 30, in the home of Mr. Nealley.

The group centered their discussion on what mysticism really is, whether emotions really can be divorced from mysticism, and whether there can be an intellectual sense of identity without emotion.

The group also discerned the difference between the Eastern and the Western mysticism and the mysticism of today and that of the middle ages. They finally agreed that the mysticism of today tends toward complete identity with the unity of the universe which permits the personality to go farther than rationalism would commit.

Honor Societies To Hold Joint Meeting

Members of Alpha Gamma Sigma, junior college honor society, are planning to entertain the Phi Theta Kappa at a banquet, to be held in the Y-Hut Thursday evening, May 19 at 5:30.

After the dinner Alpha Gamma Sigma will make a report on its convention which was held over a month ago at San Bernardino and at which convention which was held over a month ago at San Bernardino and at which the honor society received its new name. Phi Theta Kappa, too, it is reported, will probably furnish some part of the program.

At the present time the two organizations together have approximately 90 members, the honor society numbering around 60, and Phi Theta Kappa, 30. The latter is smaller because its members must make either a 2.5 average one semester or must maintain a two-point average for two consecutive semesters. Nor is there any permanent membership in Phi Theta Kappa. A student must make it each semester to be considered an active member.

This meeting of the two honor organizations is the first joint meeting of this year.

Fiesta Ditchers Get Double Cuts

That the faculty be requested to give double cuts to students who ditch the first two periods on Fiesta day, was the substance of a resolution passed by the executive board at their meeting last Monday. The resolution was the result of reports to the effect that some students were contemplating ditching on that date.

Fiesta day costumes must be paid for in advance, according to a report from George Griffith, Fiesta Day chairman. Prices are $1.00 for men, and $1.50 for women. Students should place their orders immediately with a club president or Griffith.

Del Ano tickets will not be on sale after next Monday, according to a motion carried at the meeting. The motion was on the suggestion of Jac Crawford, treasurer, and the price was held to $3.50. Crawford also reported that the budget report was in, and asks that subsidy requests be made as soon as possible. May 16 is the deadline on such requests, he pointed out.

Y. W. Lays Plans To Send Delegation To College Conference

With the selections of a new Y.W. C.A. cabinet Monday, April 25, plans are being made for a delegation to the Oxy Training Conference May 6-8. It is expected that all officers lately selected and some of those in office at the present time will attend the meet which has for its object the initiation of participants into their duties and responsibilities as leaders of the organization.

The president, vice-president, secretary, and treasurer selected choose as is the custom, the rest of the cabinet. The electives are -president, Marion Tooze; vice president, Evelyn Fairley; secretary, Elizabeth Palmiter; treasurer, Carol Harper.

EDITORIAL COMMENT

Pull Together

Now is the time for school spirit to get in its work. Fiesta Day is coming and it is the one occasion of the year when all the students can take part in school activities either directly or by influence. Each one owes it to the school to do his bit toward making this event as worthwhile as those of preceeding years.

This is a busy season for all people and excuses for passing responsibility to others just as busy are easy to find. Sacrifices, however, will have to be made in order to do the work necessary for carrying out the program successfully. All the sacrifice should not fall to the few conscientious ones.

Each organization must shoulder its part of the load, and each individual must become a willing helper if this year's Fiesta is to be outstanding.

Fiesta Day is observed not merely for the sake of giving entertainment to the students but is intended to help keep alive the romance of early California and to show to those outside the school that Santa Ana junior college has a wide awake, and capable student body, willing to match its school spirit with the best.

Fiesta And Costumes

Fiesta Day approaches! The time when the true spirit of the old Dons and Donas awakens, not only in the heart, but before the very eyes as well. Music, song, dance, color . . . . . and that brings us to the point of this editorial.

Differing from past years, the Fiesta committee, through special arrangements, has been able to secure costumes, plenty of costumes, at a very nominal figure. To talk in round numbers, one dollar for men's costumes, which includes trousers, coat, and sash; and one fifty for women's costumes, which include dress, high comb, and mantilla. In the past, and this is our third Fiesta, personally attended, it was not considered unusual to pay five dollars, or more, for costumes similar to these.

Now, this is YOUR Fiesta. You'll make it or break it yourselves. If it goes over then you are entitled to all of the credit. If you fail then the blame, as well as the "horse laugh" from the rest of the county, will be directed at you!

In Appreciation

Congratulations, Miss Martin. Although we realize that the operetta on which you have been working so hard for so many weeks has not as yet been presented to the public, we feel that from all that we have seen at the rehearsals the show is destined to be a "hit".

The love you hold for your work, as is expressed in your work, plus the energy that you have and still are expending, will produce a true piece of art.

This production, if we are not misinformed, has the largest cast of any that has ever been attempted at this school. You have shown considerable initiative and some temerity in taking over such a large project. May your work and dreams be amply rewarded, is our sincere wish.

Your assistants and cast, too, are entitled to no small measure of praise. It is through their cooperation and willingness to work with you that makes a production of this magnitude possible. It is through their willingness to sacrifice their time to aid you in producing something of value, something that people will remember, among pleasant memories, that invokes our highest commendation. However, without a leader even the best trained army would suffer defeat.

In conclusion, it is with no ulterior purpose in mind, no publicity stunt, that was the underlying purpose of this editorial. Frankly, it is an attempt to express our appreciation for the work that you and your cast are doing. And so again we say, "Congratulations", and may the "Prince of Pilsen" be a bigger success that your fondest dreams dared hope for.

FIESTA COSTUMES are going to be plenty cheap this year. Not only from the costumers at $1.00 for the men, and $1.50 for the women, but the associated students are renting out boleros and sashes for 25 cents. So everyone should show a bit of color. Every little bit helps.

SPEAKING OF FIESTA again. Don't forget that for the first two periods in the morning, double cuts will be given for ditching. Why anyone should want to tear down, or rather, not contribute, at least in a small way, toward the success of this one big school event is something that we cannot understand. It is your Fiesta, and the success or failure rests with you. The committees in charge have put out a lot of hard work, but that would all go for naught if the students failed to come through with their part.

OUR FIRST PRESIDENT

George Washington took the oath of office as first President of the U. S. on April 30, 1789.

Woodrow Wilson says of Washington:

"George Washington was bred a gentleman and a man of honor in the free school of Virginia society. He was born in a season of quiet peace, when the plot of colonial history was thickening noiselessly and without observation. He came to his first manhood upon the first stir of revolutionary events; caught in their movement, he served a rough apprenticeship in arms at the thick of the French and Indian war; the Revolution found him a leader and veteran in affairs at 44; every turn of fortune confirmed him in his executive habit of foresight and mastery; death spared him, stalwart and commanding, until, his rising career rounded and complete, no man doubted him the first character of the age."

ITPAYSTO ADVERTISE

It is little known that one of the most novel ,and yet the most educational of all college classes is being conducted in the Santa Ana junior college.

The class comes under the head of merchandising, and is a practical advertising class. During the entire school year it has been functioning, and yet receiving practically no credit for the work it has been doing.

Extensive advertising for all the major functions has been taken care of by this organization, besides a good deal of newspaper advertising prepared for downtown stores, and even billboards designed for outdoor advertising concerns.

At present the class is concerned with the advertising for the music department operetta, "The Prince of Pilsen", for Fiesta Day, and for the Fiesta Day play, "Ladies of the Jury."

Through this class advertising is done a a minimum of expense, and a much wider field is covered. The decided success of many functions is due to the "unsung heroes" of the advertising class.

CHESTER GORDON EWING (?)

MAY-DAY ANNUAL

The famous old custom of May baskets, May pole dances, and May-Day games had their origin as far back as the time of King Henry VIII.

The May Pole was an annual observance and was held the same day that the Queen of the May was crowned. On this day she held sway over her court, consisting of morris-dancers, of Robin Hood and his band, and generally of villagers or townspeople.

In the villages the May pole was often set up for the occasion on May-Day Eve, but in London and elsewhere there were stationary May-poles.

In England the May-Day games and celebration gradually fell out of popular esteem, and now they survive in only rural localities.

Milkmaids used to dress up in their best and call on all their customers, from whom they usually received some trifling gift. Later the chimney sweeps made it a practice to parade the streets togged out in tawdry finery, ribbons, farlands, nad green boughs.

FIESTA OF LONG AGO

Once upon a time there was a co-ed in Santa Ana junior college who was the toast of the campus. To be frank she was what was termed a "honey". Now there was also a handsome shiek whom all the gals were simply wild about, but he wouldn't give any of them a tumble.

At that time there was an old tradition of Fiesta Day in this ancient hall of learning. All the studes would dress as the early inhabitants of their fair, beauteous, etc., land did. If mama wouldn't sew an outfit or there wasn't one in the attic, it was possible to put an order in to a humble benchman two weeks before the event. Thus could all humble sophs and frosh have at least a hat and tie. A whole costume me thinks cost the gallants but 150 pence; the gals got off easier (100 pence).

Unfortunately the co-ed couldn't rent a Spanish outfit as her father's pet pig had just died. "Alas, she cried, "What shall I do?"

Just then she heard someone sing "Go Home and Tell Your Mother". And that was what she did. Her mother came to the rescue with a red skirt and a "ducky" waist. Right fair was our co-ed when she donned them.

And now, what a break! The big moment finally came out of his shell and asked the fair damsel to go to the dance with him Fiesta Day. She had all the other femmes goggling with jealousy. Then the great tragedy was revealed. He had not ordered a costume from the benchman. Unexcusable, outrageous. Why he simply rolled in jack. Didn't he drive a Ford and wear the latest in green socks?

There was only one answer to the problem that confronted the little girl. No one was surprised when she appeared at the dance with the old benchman himself. And he wore a Spanish costume. Thus ends the tale of the Fiesta Day long ago which has given us te treasured axiom "Wise loyal is he and she who wear at least a red tie on Fiesta Day."

BEARDS

Climatic conditions and no restrictions seem to be adequate factors for the annual facial crop of the Dons. Nowadays everything from a fine pubescence to a barbarous beard may be seen on the campus.

There are only a few days left before th eawards are given at the Fiesta dance on the evening of May 13. There are a number of wooly gentlemen who have not turned in their names to Don Smith, contest chairman; they are asked to do so at once.

Business men in the junior college district have offered to contribute prizes for the annual crop. Three judges will select winners on the following qualifications, best uncut beard, most unique, best mustache, poorest fuzz, best cut beard, and longest beard.

Although others can boast some type of sorial product, only these have signed up for competition: George Griffith, Chester Ewing, Ed Morrell, George Phinney, Earl Homan, George R. Smith, Tom Cole, Harold Case, Russell Koons, Frank Burns, and Don Smith.

General opinion is that women are the only ones that are considered eligible for the responsible position of acting nursemaid. However, it was recently found that playing nursemaid can be and is a mansized job.

DONS END DUAL TRACK WITH WIN; TAKE OWLS IN DIAMOND BATTLE

HORSEHIDERS CITRUS WIN MAKES LOOP CHAMPIONSHIP VICTORY BIG POSSIBILITY

Ninth Inning Results In Near Loss For Cookmen, Thiery's Catch Wins Game

Taking the third win out of four games played, "Si" Cook's Horse Artists stopped Citrus last Saturday when they took the Owls by the lean margin of one point in a hard fought game on the local diamond. The final score was 5-4.

This win appears to many of those who set themselves up as dopesters, as being a certain indication that Santa Ana will lead the league in the battle for the coveted Orange Empire title. Although Santa Ana took a steam-rolling at the hands of San Bernardino early in the season, the Indians misfortune in benig beaten by the Pomona jaycee, a team that was beaten by Santa Ana recently, makes little difference in the league standings, that is, unless the league gets into a mixup like that of the basketball season.

Saturday's game was much like all the other Don victories in that it was won by a hard battle in the ninth inning. With Homan in the pitcher's box, all had been going smoothly until he awoke to find himself in a hole with the bases loaded.

Calvert was on third wanting badly to get home by some method, Mead singled and Calvert went to third, Scott singled and scored Calvert, Mead went to second bringing Rouse to bat, Rouse grounded to Thiery who threw to Moyer at third catching Mead for the single out.

The next man who came to bat was called out on a technicality by Umpire Calhoun which brought Egan of Citrus to bat with two outs marked up against the Owls, Egan drove a hard grounder to Homan who caught the ball but couldn't hold on to it and dropped it, "Hen" Thiery caught the ball while it was still rolling and threw it to Red Sullivan on first who tagged Egan for the third out.

Watkins Stars

Little else marke the game except the brilliant playing of Erv Watkins who took a fly off the bushes next to the fence in the game's first inning, later took what looked to be a certain twolbagger out of the other end of the field and then came up and took one right behind the shortstop.

Earl Homan who has been pitching the best ball seen at the junior college for some time repeated his performance Saturday and looks as tho he will certainly be able to pitch the Padres to a conference victory.

Keeping up his batting record Russell Sullivan, turned in his usual home run record with one of the most sensational drives over the fence seen in a long time.

Meeting Riverside at the opponents field Saturday it is reported that the Cookmen will have a hard fight on their hands to keep the Tigers from victory.

DOINGS OF THE DONAS

BY MAY MAAG

PLAYDAY NEXT WEEK

Just one week from next Saturday, May 14, and the women's annual spring meet will be under way. It promises to be the largest and most interesting one yet. With a whole day program filled with five sport schedules, a luncheon, and assembly entertainment, co-eds may anticipate a compensating finish to the last weeks of steady practice.

The sophomores are trying hard to win from the freshies in the interclass baseball games, but last Monday they lost the third contest by the close score of 12-13. A lead was held up to the last inning by the upperclassmen when their opponents broke through the defense with five runs. The frosh won a 15 to 10 victory in a previous encounter. They did not make as good a hitting record, but the sophomores made too many errors in the field to pull down the winning count.

Doris Cummings, Florence Stanley, and Adell Wilson hold respectively first, second, and third high archery scores. Archery is to be one of the main events at the playday in Pasadena, May 14, and six girls are to represent Santa Ana.

Physical Education Part Of P. S. Week

In conjunction with the demonstrations and exhibits carried on during Public Schools Week in the other departments of the high school and junior college the physical education department put on an interesting and varied program last Thursday night in the Big Gym. Demonstrations were given in both men's and women's sports.

Coaches "Tex" Oliver, Bill Cook, Clyde Patton, and Bill Foote took over the duties of directors during the exhibit, while Coaches Foote and West undertook the job for the women's department.

Opening the program with a varied assortment of folk and character dances the girls set a good example for the boys to keep up to. Following that there were relays, tennis drills, tumbling, and the girls gave an exhibition of natural dancing. One of the highlights of the evening came with the introduction of the new game "Badminton", which many people of Santa Ana had not had the opportunity of even seeing before.

Cooks Tracksters Go To Riverside For League Meet

With perhaps the strongest track team Santa Ana has ever had, Coach Bill Cook will go with the Dons to Riverside Saturday, May 7, with the intention of bringing home the first track title to b eissued by the newly formed Orange Empire Conference. San Bernardino, Citrus, Pomona, Chaffey, Fullerton and Riverside will compete with Santa Ana for this coveted honor, with Riverside appearing to be the schoo tlo beat.

According to the dope sheeet worked out by the sport staff of El Don from th eresults of the dual meets in which Santa Ana competed, the Dons will win the track meet with 60 points, Riverside taking second with 56 digits. The meet is doped as follows:

100 yard dash—Allen (Chaffey) first; Nichols (R) second; Perrin (F) third; Moore (Citrus) fourth; Nichols (Citrus) fifth.

220 yard dash—Allen (Chaffey) first; Nichols (R) second; Perrin (F) third; Moore (Citrus) fourth; Nichols (Citrus) fifth.

440 yard dash—Carter (Citrus) first; McCormick (F) second; Morehouse (Citrus) third; McGuire (R) fourth; Finley (SA) fifth.

880 yard dash—Cone (SA) first; Nutter (R) second; Burrows (R) third; Traylor (SA) fourth; Clayer (Citrus) fifth.

Mile—Nutter (R) first; Henry (C) second; Burrows (R) third; Mailey (SB) fourth; Clayes (Citrus), fifth.

2 mile—Sloat (R) first; Henry (Chaffey) second; Lloyd (R) third; Campbell (SA) fourth; Hawkins (Citrush) fifth.

120 yard H. H.—Fisher (SB) first; Petch (Chaffey) second; Brooks (S A) third; Bowden (Chaffey) fourth; Johnson (F) fifth.

220 yard L. H.—Coe (SB) first; Daneri (SA) second; Brooks (SA) third; Fisher (SB) fourth; Alrlen (C) fifth.

Shot Put—Schell (R) first; Daneri (SA) second; Ward (Citrus) third; Hottel (F) fourth; Nichols (R) fifth.

Discus throw—Ward (Chaffey) first Daneri (SA) second; Howard (R) third; Adams (Chaffey) fourth; Kaupert (F) fifth.

Javelin—Daneri (SA) first; McVeigh (F) second; Nichols (R) third; Fowlkes (SA) fourth; Lindley (SA) fifth.

Broad jump—Gilbert (SA) first; Jungkeit (SA) second; Allen (Chaffey) third; Sharpe (R) fourth; McVeigh (F) fifth.

Pole vault—Wilson (Chaffey) first; Walton (SB), Gilbert (SA), and Laurensen (SA) tie for third; Jungkeit (SA) fifth.

High jump—Bird (R) first; Lindley (SA) second; Thompson (SB) third; Johnson (F) fourth; Laurensen (SA) fifth.

Relay—Fullerton, first; Citrus, second; Santa Ana, third; Riverside, fourth; San Bernardino, fifth.

Gold track shoes will be awarded to the track team whihc wins the meet, and the excellent Riverside oval should help to set some good marks in all of the events.

Numerous Events Are Planned On Playday Program

Playday of the Women's Athletic Association is next week Saturday, May 14. A large representation is expected from the Santa Ana jaycee and well practiced teams are being selected for all the events except rifling.

The program for the day beginning at 9:00 a. m. is as follows: "Parade of contestants" and "Flag Ceremony." Announcements. A girl from each school will carry a ffag.

9:30—Sports. 1. Baseball (overhead pitching, 55 ft. base, 12 in. ball, and 7 innings).

2. Tennis. First singles and doubles.

3. Archery. (a) Four entries from each school (modified Columbia round, arrows at 30 yards and 24 at 40 yards.) Places to be chosen on the basis of team competition.

4. Rifle—four man team (prone and kneeling.)

5. Due to the fact that it is impossible to get a satisfactory course on Saturday mornnigs this event will not be included.

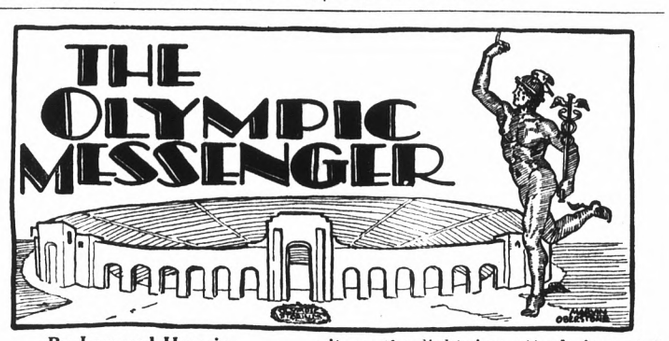

12:00—Luncheon, 40 cents.

Reservations will be made for the luncheon.

1:00—Program by Pasadena Junior College in the auditorium.

1:30—Swimming meet. No girl is to take part in more than three events, two of which may be dashes.

This playday is the third one to be held, and a large number of colleges will enter the competition. The object of the meet is to arouse interest in sports and encourage "Play for All". Stress is always placed more upon mass than individual playing.

By Leonard Horwin

"Fencing, to my mind, is an artistry almost more than a sport.

"Some of its masters, such as the 70-year old Hungarian, Italo Santelli, grand old man of fencing who is said to possess even yet the world's fastest dueling hand, have spent lifetimes in perfecting it."

And H. G. Feraud—lanky, ruddy-faced fencing mentor of the L. A. A. C. and one of the three members of the Directoir Technique managing the bouts of the Xth Olympiad—paused to wave his hand toward the pictures of those who had made good, looking down from the walls of his office.

The elderly master of the cold steel art added laughingly—"Perhaps also because of the great technicality of the game, a high type of intelligence is required. At any rate, technicalities have made possible some very unsportsmanlike acts and even unfair play, especially in the heated Olympic struggle."

There are times when the ultimate end of sportsmanship will be lost sight of in the ultimate goal of victory—a contestant denying the blow received when more than the human eye of a judge is needed to follow it as the lightning attack is met by the coup d'arret and the fighters go into a corps-a-corps.

GREEKS HAD A WORD FOR IT

Those ancient sports lovers who thronged the Olympic Stade in the tiny vale at the foot of the hill of Cronus and offered up physical perfection as a tribute to Zeus, knew well the value of strict rules and the temptation to unsportsmanlike acts.

Before the huge altar to Zeus rising in the center of the sacred Altis —the athlete, his father, brothers, and even gym teacher had to swear to commit no unethical acts. And with all that, a whole row of bronze images were set up along the Altis out of fines enacted for violation of rules.

NEW FOR OLD

The ancient Altis at the foot of the hill of Cronus is exchanged in 1932 for a modern city with its never-ending line of habitations, parks, and pleasure resorts spreading at the feet of high-flung ranges and upon the mountains themselves—spreading from mountains to sea, from sea to desert, and from desert to orchard-covered plain.

WIN OVER CHAFFEY TRACK TEAM GIVES DONS SECOND PLACE IN EMPIRE LEAGUE

Daneri's Versatile Work Coupled With Wins By Other Stars Make Victory

SPORT SHORTS

By James Goodfellow

All Sports at Riverside

This week, sports followers of Santa Ana will travel to Riverside where they will be entertained by the Orange Empire Conference track meet as well as by a baseball game between the Dons and the Tigers.

Santa Ana has an excellent chance to win the track meet, as she has beaten all of the six schools competing except Riverside, and her track men have vastly improved since that upset. It was the failure to place men in the distance races, the 880, mile and 2 mile, in the Riverside dual meet which spelled defeat for the Dons, but if Cone, Campbell, Traylor, and Tawney come through Saturday, there is no reason why Cook's men should not win the meet.

Another Good Ball Game

The Citrus game Saturday was another exciting affair with Citrus almost tying the score in the ninth. It was a close shave for the Dons, but now they are well on their way to the confernece championship.

DO SOMETHING, DONS!

By Eugene Stevens

"Don's Take Second in Empire League", "Dons Headed for Certain Baseball Victory."

That should warm the heart of every true Don, if he even knew that Santa Ana junior college had a baseball and track team! From the crowds present at the games, one would certainly be lead to believe that the majority of the students did NOT know that there were such athletic organizations in existence.

A few months ago Santa Ana had one of the finest basketball teams in the history of this institution—it was headed for certain victory—then came the play-offs for the championship at Chaffey—HOW MANY SUPPORTERS SAT IN THE SEATS RESERVED FOR SANTA ANA? You couldl probably count them on your two fingers and then have plenty left over!

But we want to compliment those who did go—THEY DID THEIR BEST—BUT WHERE WERE THE REMAINING SIX OR SEVEN HUNDRED STUDENTS OF THE SANTA ANA JUNIOR COLLEGE?

If you were not present at that game, do not show your face around where OUR TRACK AND BASEBALL TEAMS are playin, how can you expect them to do ANYTHING, let alone win championships? No team can do its best with no one backing them up—ITS UP TO YOU TO SUPPLY THIS BACKING!

Because Santa Ana did not shine along the line of football is no excuse for your thinking that the other teams cannot win championships THEY CAN.

BOOST YOUR SCHOOL! SUPPORT YOUR ATHLETES! SHOW SOME REAL SPIRIT—IF YOU HAVE NONE AT LEAST TRY TO FOOL YOURSELF AND OTHERS INTO THE NOTION THAT YOU MIGHT HAVE SOME! COME ON DONS!

Completing the most successful dual meet track season in the history of the school, Santa Ana defeated Chaffey, 76 to 55, Saturday at Ontario. This was the Dons fifth Orange Empire Conference victory, and gives them second place in the league this year.

Daneri Smashes Another

"Big Jim Dan" Daneri, Santa Ana's most versatile track star, broke the college record in the 440 when he circled the oval in 51.8s. to remove Herb Stroscheim's 1926 standard of 53 seconds from the books. Besides this, Daneri equaled Joe Warner's 1930 record time of 25s in the low hurdles, won the shot put with a toss of 39 ft. 10½ in., the discus throw at 120 ft. 4 in., and the javelin throw at 165 ft. 2 in. to contribute 25 points to Santa Ana's total.

Brooks, Cone Come Thru

A slight wind at Ontario Saturday no doubt had something to do with the good dual meet times turned in. Fred Brooks took a second in a ten flat century, second in a 15.2 high hurdle race, and a second in the record equaling low hurdles, to take second point honors for the Dons with 9 points to his credit.

Tommy Cone won the 880 in 2m. 7s. and took a second in the mile which was won by Henry of Chaffey. Tommy has been rapidly improving and should be in fine shape for the conference meet on May 7. Jim Tawney's second in the two mile indicates that he should also be a point earner at Riverside Saturday.

Traylor Takes Two Seconds

Harlan Traylor, a freshman, earned six points for Santa Ana when he copped second places in both the 220 and the 880. Traylor has worked hard all season, and has competed in practically all of the meets, but this is the first time he has made so many points for the Dons. Perhaps we will hear more of him in the conference meet.

Captain Doyle Gilbert, as usual, won the broad jump with a leap of 22 ft. 5 in., barely nosing out his teammate, Paul Jungkeit who jumped 22 ft. 4½in. to take a second. Jungkeit also placed third in the pole vault, and tied for second with Lindley in the high jump. Other point makers for Santa Ana wer Overton Fowlkes, Rhodes Finley, and Martin Lorenzen.

Women may think that they are the only ones who can sew, but—such believers are wrong! Members of the Cottage Area of Schriener Institute organized a sewing club and are meeting regularly. Their purpose is to renovate wearing apparel. At the last meeting several buttons found the correct place, and "holey" sox became "whole". Refreshments were two-for-a-penny chocolate "sojer".

Valencia Ballroom Is Scene Of Dance

Twenty-three members and guests of the Santa Ana junior college were in attendance at the Press club's first 1932 dance, held at the Valencia ballroom Friday evening.

Through arrangements made by Chester Ewing, president, five divans were rserved for the club, and exclusive rights to the new fountain at the Valencia were granted. Punch and wafers were served throughout the evening.

Edgar M. Flowers, club adviser, was chosen as one of the two judges in the Valencia's regular prize waltz, and fox trot contest.

Believing May 20 to be more suitable for a beach party, President Ewing and his committee postponed their party at Corona del Mar in favor of the dance. Now they are at work arranging for the beach affair, which will be held on the date originally set by the club.

Forty-three members and guests attended last year's beach party, staged on the sands of Corona del Mar. President Ewing hopes to have just as big an attendance for this year's event. Tickets at a nominal price will be placed on sale soon, he reports.

It is a custom for club members to make at least one visit per semester to some metropolitan newsppaer plant, where the complete steps in the publishing of a daily newspaper are outlined by competent guides. Having visited the Los Angeles Times plant last semester, the club probably will make arrangements for visiting the Los Angeles Examiner, according to Ewing. If held, the trip will be made during this month.

In view of the fact that the club changed its plans at the last moment, a good attendance was not expected at the Valencia Friday. However, 23 attended, and various other junior collegians joined the party during the evening.

Present at Friday's affair were the Misses Viola Allen, Virginia Anthony, Irene Ross, Jeanette Hickman, Virginia Warner, Louise Green, Beryl Willetts, Florence Wasson, Helen Mott, Roberta Warnke, and the Messrs. Chester Ewing, Clayton Kaps, Sam Churchill, Paul Wright, Russell Harrington, Eugene Robb, Henry Onstead, Lowell Warnke, Jack Lewis, George Phinney, Sid Magnusson, and Mr. and Mrs. Edgar M. Flowers.

Classes In English See Famous Library

Members of Mrs. Northcross's survey of English literature and her creative writing classes made their annual visit to the Huntington Library last Wednesday afternoon.

Leaving about noon, the group spent several hours passing through the rooms and gardens, noting especially, it is reported, the Blue Boy by Gainsborough, also Pinky, and the Turner paintings. The gardens were unusually beautiful at this time of year, according to one of the visitors, as the rhododendrons and iris were in full bloom.

Mrs. Northcross stated that she was particularly anxious for her English survey class to visit the Huntington estate, as it has the largent group of 18th century portraits in the world. Students of 56B have recently been studying the literature of that period, and in some cases, the art too, whenever it showed striking similarity to the contempory writings.

Other painters whose works the group observed were Sir Joshua Reynolds, the "most famous painter of children", and Romney, Lawrence, Hoppner and Raiburn, landscape painters.

As a special feature of this year, the bicentennial of George Washington's birth, an extra room of Washington momentos is thrown open to visitors. It is filled with writings, portraits, and other relics of the national hero, and will remain open to the public only during this anniversary year.

Gainsborough's painting of the Blue Boy, it is said, was the result of a dare. Some one stated that no one could make a famous picture in blue, as blue was such a cold color.

"I bet it can be done," Gainsborough answered, and he set himself to the task. According to all evidences, he proved that it could.

Bachelors, Spinsters Hold Joint Meet And Party At Laguna Mon.

The Laguna Beach home of George Griffith was the scene of the regular meeting of the Brotherhood of Bachelors Monday night in a combined meeting with the Spinsters.

During the business meeting, the Bachelors made their finals plans for the concessions on the campus during Fiesta Day and ngiht, and also re-issued a challenge to any service club on the campus to any sport.

The Spinsters brought with them tamales, crackers, and coffee, and a banquet was held in the outdoor patio by the fireplace, followed by games and story telling.

Orange Theatre To Hold Whisker Nite On Thursday, May 12

"Whisker Night" will be held at the Orange Theatre Thursday night, May 12. Special prizes will be presented by the management of the theatre to the three fellows having the "best hirsute adornments". Gifts will also be given to all entrants.

As the audience will be the judges of the contest, each competitor is asked to bring his friends to root for him. This race, it is reported, will show who has been the best booster in the college for Fiesta Day.

Beards— Believe It Or—

Beards are something to have contests with. Many beards have the competitive instinct like athletes. But there are also many beards totally lacking in school spirit. Some beards leap out with the crack of the starter's pistol, and others are just starting when the race is over.

Beards are as capricious as a soph's cardiac region. Beards will flourish luxuriantly upon hitherto unsuspected possessors of manly attributes, while the handsome heart-throb of the class waves a trifling wisp of down in the breeze and says it must be because his circulation is so poor right now.

Beards have managers, just like prize fighters and race horses. Some managers can talk a good beard contest, while others let the pets speak for themselves and the latter usually bring home the chromium plated soup strainer.

Spinsters Finish Fiesta Day Plans

Nomination of officers was the main business of the Sisterhood of Spinsters at their regular monthly meeting in the home of Miss Marion Parsons on Monday evening.

Besides the nomination of officers for next year, final plans were made for Fiesta day. Specific arrangements were also made concerning the Spinster's dinner dance to be held at the Deauville beach club on May 27, as a conclusion to the Spinsters week to be held from May 23 to May 28.

After the business meeting, the Spinsters were the guests of the Brotherhood of Bachelors at the home of Mr. George Griffith, Laguna Beach. The group spent an enjoyable evening around an outside fireplace and also by playing cards.

At a late hour the host served tamales, crackers, and coffee to the following Spinsters: Wilma Paterson, Betty Hawk, Ione DeRemer, Pansy Oliphant, Dorothy Minor, Elizabeth Palmiter, Dora Tedford, Bernice Keller, Marion Parsons, Helen Mott, Nelle Grafton, Margaret Guard, Jean Silver, Betty Wiswall, Bernice Summers, Aileen Adams, Florence Turner and Marie Moog.

mistaken for a princess.

Others in the cast include Hazel Stukey, who has the part of a dashing widow, and Simeon Toelle, a titlde Englishman. Bill McCormick is the head waiter in the Hotel International, where most of the action takes place. James Quiggle has the part of the bell hop who deems it necessary to carry no change in his pocket to act the proper bell hop.

Recently the cast visited the performance of the Prince of Pilsen whcih was given by Chaffee junior college, and also the presentation given by Pasadena junior college. The pointers received from these presentations helped greatly in putting the finishing touches on the performance to be given here.

Tickets are on sale and can be purchased from any member of the cast or chorus, or in room 15 of the administration building. Prices range from 25 cents to 35 cents. Those seats which extend from the first row back to the last eight rows are selling for 25 cents. All seats, main floor and balcony are reserved, and the reservations can be made at the Santa Ana Book Store.

A competitive sale is being made by all the clubs of the school. Whichever club sells the most tickets is awarded a cash prize of five dollars. However, there is no prize for individual honors.

Las Meninas Club Has Semi-Formal

Las Meninas club members held their second semester semi-formal dance at the Laguna Beach Playhouse, on Saturday, April 30.

The room for the affair was decorated with spring flowers to carry out the spring motif. The lights were shaded with pastel streamers, and gold colored crepe paper was used to obtain the club's color scheme.

Music for the dance was furnished by Carleton Smith and his orchestra.

Club members present were the Misses Eugenia Gire, Neva McDonald, Agnes McKinstry, Shirley Day, Bonnie Kiser, Miriam Samuelson, Rosalind Schilling, Demaris Sears, Hazel Hushman, Catherine Harwood, Lorna Allen, Ruth Collins, Joy McPhee, Virginia Golden, Marion Taylor, Mildred Congden, Martha Hendricks, Clare Hymer, Esther Romoff, Grace Wurster, Verna Helm and Norma Wilson.

Helping Santa Ana Grow For 46 Years!

Santa Ana's educational advantages have always been the best possible to obtain. One of the first buildings erected back in the pioneer 70's and 80's was a school building. The First National Bank was founded in 1886 and we have seen and taken part in the development of educational facilities eever since. The Bank is the financial reservoir of the community through which the people's money has flowed for 46 years to aid in building commerce, homes, and training young folks to "carry on" for us in later years!
